Summary

Aspiring Backend .NET Developer with strong knowledge in ASP.NET Core, Entity Framework Core, and SQL Server. Passionate about building scalable web applications and APIs using clean architecture and modern development practices. Skilled in problem-solving, team collaboration, and delivering maintainable solutions. Looking for internship or entry-level opportunities to contribute to backend development projects while enhancing my expertise in scalable systems.

Education

Bachelor of Computer Science – Department of Computer Science

Modern Academy in Maadi

Expected Graduation: 2026

Experience

Back-End .NET Developer Intern

Route Academy, Apr 2025 – Present

- Hands-on training in ASP.NET Core, Entity Framework Core, and RESTful API development.
 - Collaborated on projects simulating real-world backend systems.
-

Projects

E-Commerce RESTful API | ASP.NET Core Web API, EF Core, SQL Server, Clean Architecture

- Built a scalable API with product catalog, categories, cart, orders, and user management.
- Implemented Repository & Unit of Work patterns, JWT authentication, and role-based authorization.
- Added search, filtering, pagination, sorting, and secure checkout with Swagger documentation.

Mini Library Management System API | ASP.NET Core Web API, EF Core, SQL Server, Onion Architecture

- Developed a RESTful API with CRUD operations for books, users, employees, and borrowing records.
- Applied Onion Architecture with Repository & Unit of Work for scalability.
- Used AutoMapper for DTO mapping and documented endpoints with Swagger & Postman.

Employee Management System | ASP.NET Core MVC, EF Core, SQL Server, Identity

- Built a full-stack web app to manage employee data with CRUD and role-based access.
 - Integrated ASP.NET Identity for secure authentication and authorization.
 - Implemented profile management with picture upload and password reset via email tokens.
-

Technical Skills

Languages & Frameworks: C++, C#, OOP, Advanced C#, LINQ, ASP.NET Core, EF Core, SQL

Web Development: HTML, CSS, JavaScript, Bootstrap

Tools & Platforms: Git, GitHub, Swagger, Postman, Visual Studio, Visual Studio Code, Microsoft SQL Server

Soft Skills

Problem Solving, Team Collaboration, Time Management, Adaptability, Attention to Detail

Languages

Arabic: Mother Tongue

English: Working Proficiency
